

Move to the top of the class.

Introducing the Yamaha RX-Z9 Digital Home Cinema Receiver.

If you want to substantially enhance your home cinema sound and vision experience beyond your wildest imagination, move to the top of the class with the Yamaha RX-Z9.

The RX-Z9 features what we believe to be the most comprehensive array of leading-edge technologies that have ever been brought together in one piece of home cinema equipment — setting exciting new standards.

Just take a look at the specifications and you'll quickly appreciate how we have combined the world's ultimate audio and video capabilities with our own unique, award-winning technologies to deliver the ultimate in home cinema quality.

And, as with all Yamaha equipment, we have made sure the RX-Z9 is truly a delight to use — with a user-friendly GUI display and an extensive choice of useful, intuitive menus.

Overview of features:

- Super-high grade construction with heavy-duty rigid chassis symmetrical construction — separate chambers and finest parts used throughout.
- Powerful 9.1 discrete channels of sound: 170W x 7 main surround channels and 50W x 2 for presence channels.
- Yamaha ToP-ART for total purity — maintaining maximum signal quality from digital input, through digital processing to amplification.
- High-definition Yamaha CINEMA DSP delivering six times greater DSP capacity than standard DSP for a significantly richer surround sound experience.
- Yamaha DSP featuring 55 Surround Programs with 79 variations covering Quad-Field and Tri-Field Cinema DSP, plus six THX programs including THX Ultra2.

- Sensational new Yamaha YPAO technology which automatically evaluates and optimises the output from each speaker to achieve the best possible sound for your room acoustics.
- Sophisticated Video Technology and Digital Video Conversion which features technologies to adjust and deliver the very highest quality images: includes Faroudja DCDi and True Life Enhancer, Noise Shaped Video, Progressive Scan, Time Base Corrector and much, much more.
- Full movie sound format compatibility to decode all the latest movie sound formats including Dolby Digital EX, Dolby Pro Logic IIx, DTS-ES Discrete 6.1, DTS ES Neo:6 and DTS 96/24.
- Comprehensive connectivity plus i.LINK digital audio interface for SACD/DVD-Audio, and custom installation compatibility with Remote Control IR Codes.
- Specially extended five year Warranty.

The RX-Z9 is now available through Yamaha Reference Centres at \$9,999RRP. For full details and specifications, call 1300 739 411, email rxz9info@gmx.yamaha.com, or visit www.yamahamusic.com.au

To commemorate the introduction of the RX-Z9, we're including a special bonus — the superb DVD-CX1 DVD Player, valued at \$1,999RRP. The perfect partner for the RX-Z9, this sophisticated unit features the very highest quality digital technology for superb performance, a 5-disc carousel and plays DVD-Audio as well as CDs & DVDs.
